Patient safety and healthy environment

In our continued commitment to maintaining a safe and healthy environment within our office, we kindly ask for your cooperation in rescheduling any in-person appointments if you are experiencing symptoms of COVID-19, influenza, or any other airborne communicable illness.

A significant number of the patients we serve are immunosuppressed due to underlying conditions or medical therapies. This means their immune systems are compromised, leaving them especially vulnerable to airborne infections.

We sincerely appreciate your understanding and consideration in helping us protect the health and well-being of all our patients and staff. If you are feeling unwell, please contact our office and we will be happy to assist you in rescheduling your appointment.

Thank you for your cooperation and continued trust in our care.

Sincerely,

Rheumatology Associates of South Texas
